Introduction

A line

The A line family is a versatile program. With conference tables in round, square, oval and rectangular. Perhaps our most extensive program. The strong A leg that is milled at an oblique angle creates a massive crossbar. So it can be varied endlesly. From lounge benches to bar tables. Low or high. Stained in several colors. We can use finger jointed oak wood or Finger jointed rubberwood.

Workbench

A line

Benches with multiple cable management options gives the table it’s large possibilities to use the tables in meeting rooms or as desk.
