WHO ARE WE?

Zuiver [adjective] means 'Pure' in Dutch. 'Zuiver' to us means clean, pure and true designs for everyone, but not just anyone. Born in 2011 and rooted in Westzaan - a little village northwest of Amsterdam, The Netherlands - we believe that creativity makes the world more comfortable. Creativity can take the world to places we never imagined, but the most important place of all will always be home. Creating a safe haven, where you can calm down and be yourself. To make your own space as comforting as can be and evoke a sense of home. With our contemporary range of furniture, lighting and accessories we bring forward-looking materials, ideas and designs into any home. Tomorrow's designs for today's interiors.

A SOOTHING SYMPHONY

Step into a world where calmness meets elegance and everyday life is flooded with a newfound sense of serenity. With the unveiling of "A Soothing Symphony", our latest summer collection, we invite you to explore a curated selection of pieces that bring relaxation in your home. In the middle of the whirl of life, this collection offers a sanctuary where you can unwind and recharge.

In the new summer collection, we embrace calming neutral tones such as off-white, beige and natural oak, which blend seamlessly with the soothing shades of brown-rice and grey. These timeless colours come together beautifully to form a unit. Combined with oak, marble, ceramics and soft bouclé fabrics, this ensures that the collection will not become dull, just like a musical play.

"Designing the summer collection is like composing a piece of music. The latest designs are stunning individually, but together the designs form one beautiful entity, just like the instruments in a piece of music. Let this collection then create a harmony where you can escape from everyday life for a while."

- Caroline van Velze, Creative Director.

SUMMER COLLECTION 2024

SUSTAINABILITY

We are not a sustainable brand. Up until now, Zuiver has taken the first steps towards sustainability. We introduced the first product designs in our collection (indicated in this catalogue with a sustainability logo). In 2021, we introduced a new conscious edition of our iconic Albert Kuip chair series, a bioplastic version containing 42.5% coffee residue. In 2022 we launched The Ocean Chair, made of 100% ocean plastic. Follow our website to be part of this journey.

Zuiver is part of the Zuiver Interior Group, a family of interior brands, driven by our desire to make spot-on interior products available to everyone. As a frontrunner in the furniture design field, we feel it's our responsibility to minimise our environmental and social footprint by exploring alternative materials

and production methods. 'Spot on Responsibility' is our internal strategy that was introduced in 2019 in order to transform how furniture is made and (re) used. It outlines the actions we are taking to move our business, and the design industry as a whole, towards a more innovative and responsible future. We do this because resources are limited and for us, taking action on climate change and recognising human rights are non-negotiable. Every single product we design and sell has some connection to natural resources. We are ready to make new choices in order to treat our planet with the utmost respect and to minimise our company's social and environmental footprint.

SUSTAINABILITY

“When we design, we design for the future - not only in how our products look, but also the wider impact they have. We need to rethink the decisions we are currently making when it comes to natural resources. As a mum of three, I want my children and future grandchildren to grow up in the same world as I did.”

Caroline van Velze, Creative Director

SCHOLARSHIP

Innovation and product development are paramount at Zuiver. Due to inspirational cross-pollinations with previous co-creators, the need grew for our own 'breeding ground' for up-and-coming designers, where we provide them with comprehensive opportunities and experiences and equip them with knowledge during the overall process from idea to production. We want to enable students, graduates, and young designers to develop their creativity in an international learning environment and jumpstart their career as a designer.

MEET ISLA COFFEE TABLE

For the Zuiver Scholarship 2023, Pepe Valenti went to Vietnam. Valenti approached the experience with an open mind, immersing himself in new surroundings, production processes, and skilled craftsmen. In a few weeks, he became enamoured with the intricate handwork, craftsmanship, and the natural beauty of Vietnam, especially Halong Bay, a renowned Wonder of the natural world.

Valenti was captivated by Halong Bay's stunning beauty, particularly the unique shapes of its islands. The design of these tables takes inspiration from these island formations, intricately incorporating the craftsmanship of Vietnamese artisans contributing to each piece. The goal of the design is to showcase the solid elegance of wood, with the organic flow of the pieces highlighting the craft quality. The result is a high-end, robust design seamlessly blending the beauty of nature with the meticulous skill of Vietnamese artisans.

BARBIER SERIES

A marriage from 2016 between functionality and elegance. That's how we describe our popular Barbier cabinet series. We wanted a clever cabinet to create a clean space without clutter. Its sliding doors are designed to keep what's inside out of sight. The entire family is made of durable wood, like walnut, ash and oak. Available in three different colours, so it blends in every space.

ALBERT KUIP SERIES

A popular and accessible piece, because comfort and design come together in this chair. The Albert Kuip chair was designed in 2017 in collaboration with studio APE. The seat is made of 100% polypropylene and has strong ash wooden legs. As an ode to Amsterdam, the chair is called after the most famous market: the Albert Cuyp.
