

BLÅ STATION

PRICE LIST 2024.02
EUR

CONDITIONS OF SALE

PRICES

This price list supersedes all previous price lists. All prices are in EURO (€) excluding statutory value-added tax and any import duties.

TERMS OF PAYMENT

30 days net or as per written agreement. Invoices not settled by the due date will be subject to interest charged at 12%. Goods sold will remain the seller's property until paid for in full.

DELIVERY

Ex-works Åhus, Sweden (including export packaging) or as per written agreement. Viable for standard trucks to a warehouse address. Blå Station does not cover transhipment and special transports for narrow streets.

When handling deliveries and products, be careful to follow the instructions on the packaging and make sure that the packaging is always right side up.

COMPLAINTS

Any complaints must be made known to Blå Station within 7 days of receipt of the goods. Goods that have been delivered may not be returned without prior approval from Blå Station.

TRANSPORT DAMAGE

All goods are transported at the purchaser's risk. Transport insurance will be arranged upon written request, at which time the insurance premium will be invoiced to the purchaser. If goods are shipped using Blå Station's freight contract, the customer must verify upon reception that the shipment is correct as regards the number of packages and their condition. If the packaging is damaged or if a package is missing, this must be stated on the consignment note and Blå Station must be informed of the same in writing within 5 days. Failure to do this gives Blå Station the right to debit any extra costs that may be incurred in resolving this matter. Retailers and distributors are responsible for informing end customers of this obligation.

WARRANTY PERIOD

Blå Station guarantees materials and constructions for 3 years from the date of delivery (for Nordic Ecolabel certified products, a 5-year warranty applies). This guarantee does not extend to furniture upholstery, or to damage or to anything that may be regarded as normal wear and tear. For electrical components and products that have been specially adapted to meet individual customer requirements Blå Station provides a guarantee for 1 year only.

DISPATCH

4–8 weeks unless otherwise agreed.

CHANGES TO ORDERS

Blå Station sends out two Order Confirmations.

The first Order Confirmation is sent for the customer to review that the order confirmation corresponds to the order. Any remarks must be made to Blue Station within 48 hours of receipt of the order confirmation, after which the order is put into production and changes of number or design cannot be approved.

The second Order Confirmation, with confirmed delivery time, is sent thereafter within 7 days.

Return of wrongly ordered goods are charged with 40% of the goods value, return of goods must first have been approved by Blå Station.

UPHOLSTERY

Blå Station's standard fabrics are shown in our LIST OF FABRICS. In the absence of written instructions for buyer supplied fabric, Blå Station reserves the right to choose the direction of the pattern and the right side of the fabric. If an item of furniture is to be covered with a fabric other than those in Blå Station's standard collection, the fabric must first be approved by Blå Station.

ELECTRICAL SAFETY

Blå Station offers specific products prepared for mounting of electrical items. The electrical items are sold separately and are installed and used in accordance with the third-party manufacturer's recommendations. When delivering a product prepared for electricity together with an electrical item, Blå Station may attach mounting instructions that comes directly from the third-party manufacturer. Blå Station can not assist with wiring diagram drawings and/or load calculation for the electrical circuit.

When assembling, connecting and commissioning electrical items, it is the installer's obligation to carry out the correct installation and make sure that all safety requirements are met.

Important: Blå Station recommends that any connection to the main electricity supply shall be made by a qualified electrician!

OTHER INFORMATION

The price list is for our standard product range. Other designs may be offered for contract or project sales. Reference are made to colour charts in a number of places, some of which can be found at the beginning of the price list and at www.blastation.se

We have selected leather from Elmo as standard, but we also work with leather from Tärnö Garveri and Sörensen. The following applies to all leather:

'The tiny scratches and scars on leather are the hallmarks of its natural origin and proof that the animal has enjoyed a fair measure of freedom in its lifetime.'

– Börge Lindau

When selecting vinyl or artificial leather as the covering, small creases may appear along the seams. This applies to products with round shapes.

When purchasing products with stained or lacquered colours with set-up costs, only one set-up cost is charged per colour.

RESERVATIONS

We reserve the right to price, design and construction changes and amendments to payment terms.

Blå Station does not cover costs for services such as shipping and/or installation by third party as a result of unforeseen delivery delays or partial deliveries that is out of Blå Station's control.

ENVIRONMENT, QUALITY & SUSTAINABILITY

SUSTAINABILITY & QUALITY

Blå Station is a design company with its own development, production, marketing and sales of smart, innovative, sustainable quality furniture for a long life in public environments. This is done under its own international brand.

For us, an active environmental focus has always been natural and this is reflected in our choices of materials and production processes.

ISO 9001 - QUALITY MANAGEMENT

Blå Station is certified for ISO 9001.

ISO 9001 is a standard for quality management for business processes with a focus on the following areas:

- Customer focus
- Leadership
- Employee commitment
- Process orientation
- Continuous improvement
- Fact-based decisions
- Relationship management

ISO 14001 - ENVIRONMENTAL MANAGEMENT

Blå Station is certified for ISO 14001.

ISO 14001 is an international management system standard for planning, implementing, follow-up and continuous improvement of the organization's environmental work. ISO 14001 certification involves purposeful and documented improvements in the following areas:

- Increased efficiency in the use of resources and materials per delivered benefit.
- Sustainable product development from a life cycle perspective.
- Business wide adaptation towards the circular economy.
- Business development with sustainability as a core business concept.
- Increased goodwill and credibility of the organization and increased competence internally.
- Improved dialogue with stakeholders, smarter procurement and improved supplier relations.

MÖBELFAKTA

Products marked with the Möbelfakta symbol in the price list indicate that all or parts of the collection are approved and certified according to the Möbelfakta criteria. Contact us for more information.

Möbelfakta basic criteria include guidelines in three areas: quality, environment and social responsibility.

The environmental requests of Möbelfakta are based upon criterias from the Environmental Control Council. That means demand for both low environmental impact and good quality. Furniture with high durability is in itself an environmental advantage, because they do not need to be replaced in a near future. The furniture is tested on sustainability, stability and safety before they are approved for Möbelfakta.

The technical requirements are based on established European and international standards (among others EN and ISO) and the requirements of social responsibility is based on principles of UN Code of Conduct.

To ensure maximum quality audited Möbelfakta criteria continuously updated to reflect latest applicable standards.

NORDIC ECOLABEL

Products marked with the Nordic Ecolabel symbol in the price list indicate that all or parts of the collection are approved and certified according to the Nordic Ecolabel criteria. Contact us for more information.

The Nordic Ecolabel criteria for furniture stipulate low environmental impact as well as high quality. Furniture that is long-lasting is in itself an environmental advantage, because it does not have to be discarded after a short time. Furniture is also tested for sustainability and stability and must fulfil Nordic Ecolabel safety requirements.

Other Nordic Ecolabel environmental criteria include a requirement that wood must not originate from protected forests. At least 70 per cent must originate from certified sustainable forests, with an independent control body certifying that tree felling follows strict rules and that there is a re-planting scheme in place.

In addition, most of the metal used must be recycled metal. This type of metal lowers energy consumption and reduces the amount of pollutants that often come from metal manufacture. These measures also ensure a reduction in emissions that have a negative impact on the global greenhouse effect.

For Nordic Ecolabel certified products, a 5-year warranty applies, see the previous page under "Warranty Period" for specifications.

GREENGUARD GOLD

Products marked with the UL GREENGUARD Gold symbol in the price list indicate that all or parts of the collection are approved and certified according to the UL GREENGUARD Gold criteria. Contact us for more information.

Products that have achieved GREENGUARD Gold Certification are scientifically proven to meet some of the world's most rigorous third-party chemical emissions standards, helping to reduce indoor air pollution and the risk of chemical exposure.

The GREENGUARD Gold Certification standard includes health-based criteria for additional chemicals and also requires lower total VOC emissions levels to help ensure that products are acceptable for use in environments like schools and healthcare facilities.

In addition to limiting emissions of more than 360 VOCs and total chemical emissions, GREENGUARD Gold Certified products must also comply with requirements of the state of California's Department of Public Health (CDPH) (also known as California Section 01350). Office Furniture products that are GREENGUARD Gold Certified are also compliant with the BIFMA X7.1 standard and BIFMA e3 credits 7.6.1, 7.6.2, and 7.6.3.

REUSE

Blå Station offers solutions for renovation and recycling for Blå Station's products where a solution is offered based on the customer's preferences, product, condition, quantity and region. Contact us for more information.

CUSTOMER-SUPPLIED FABRIC

As per agreement; fabric must first be approved by Blå Station. The price for products with customer-supplied fabric is the same as for the lowest fabric type for the specific product. We charge a handling fee of 280€ for the first submitted fabric, then 80€ per additional fabric (Net per order). Fabric requirement specified by agreement applies to fabrics with solid colours. Please check fabric requirement and delivery address.

We are also able to offer fabrics that do not appear in our fabric list. Please ask. We cannot take responsibility for minor differences in the colour shades.

All fabrics meet fire requirements in the standard SS-EN 1021-1/2 and BS 5852 ig.s 2-3 when used on flame-retardant foam with a minimum density of 35 kg/m³. Fabrics on the left marked with the flame symbol also meet BS 5852 ig.s 2-5/Crib 5 requirements.

SIS Ecolabelling AB hereby declares that fabrics labelled with the EU-flower comply with European Ecolabel requirements for textiles.

*When choosing Velvet Fabric or Vinyl small wrinkles may occur along the seams of the product.

ELECTRICAL / USB SOCKET FOR BOB AND BOB JOB. We provide a cut-out for adding electrical components in the front part of the seat on BOB modules. The electrical component is sold separately (see prices below) and is delivered unassembled. The placement of the cut-out must be stated on the BOB Planner drawing that accompanies the order. Important: Blå Station recommends that the installation and any connection to the main electricity supply shall be made by a qualified electrician.

PLEXIGLASS DIVIDER FOR BOB, BOB 52 AND BOB JOB. BOB-19 is available in three different widths to fit all available BOB modules. The height is 128cm. The Plexiglass dividers are easy to mount or remove on new or existing BOB sofas without the need for tools. We recommend no closer than three 26cm seats (3x26=78cm) between each divider to provide for a safe and relaxing seating experience.

SCREEN WALLS AND TABLES TO BUILD ROOMS WITHIN ROOMS. BOB Biz Screen Walls are available in two different widths, Double and Single, we recommend that they be used together with BOB sections with a high back in direct connection. Wooden frame. Molded polyurethane upholstered in fabric or leather. Plastic feet. Built-in connection fitting. Customizable wooden tables.

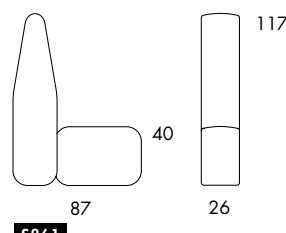

BOB Biz Screen Wall Double is assembled with parallel rows of BOB modules facing each other, we recommend BOB with a high back (Back+Seat). BOB sections can be mounted on either side of the BOB Biz Screen Wall if desired. Add one or more BOB Biz Screen Wall Simple as an ending for a closed and more private configuration. Add custom-sized tables to the BOB Biz Screen Wall Double as a natural focal point or use freestanding tables. Recommended maximum number of BOB modules for BOB Biz is 10 per side, which gives a room with a length of 260 centimeters plus wall thickness of 5cm/wall.

Bernstrand & Borselius 2017-2023

SECTIONS | S8 | BOB HOME

BOB Home

BOB Home Wide

MODULAR SOFA | BENCH | EASY CHAIR | FOOTSTOOL. Frame of wood. Molded polyurethane foam with fabric or leather cover. Seat height 40cm. Plastic feet. Built-in connection fitting. BOB Home has +9cm deeper and softer seat than BOB and intended to be built as armchairs, sofas and benches in different sizes.

BOB Home can also be integrated with BOB if BOB Job Screen Wall Medium/Single is used as a separator. This must be built in CAD does not work in BOB Planners. If a fabric/color option is used for fewer than 4 modules for a multicolored BOB the option is regarded as one fabric type higher. For different fabrics in seat and back the higher fabric price applies.

Planners for BOB on our website: Link to [BOB Home Planner HERE](#).

If you want to build other variants, use our [CAD files HERE](#). More info on previous pages. Fabric list for BOB Home on pages 34-35
