

GEORGE swivel chair. Design: Walter Knoll Team.

Familiarly quiet, elegant and resolute: George is a quiet star. The particular qualities of the chair are revealed as soon as it is sat on: exceptional seating comfort and precise finishing down to the very last detail. The fine upholstered pad, micro pocket spring core in the seat and the flexible back guarantee comfort. The armrest elegantly embraces the back, the soft leather pads are present to the touch.

Product description

Modell no.	1565/1575
Frame	Highly polished aluminium with swivel column, 4-star base with glides or 5-star base with castors.
Upholstery	Seat and back foam-moulded with an outer layer of wadding. Seat with micro-compartmentspring core. With fixed-moulded cushion.
Armrest	Aluminium armrests with covered leather pads. When the chair is in fabric, the armrest is made of leather Select black.
Glides/Castors	Glides: teflon glides for stone- and carpet floors, felt glides for wooden floors. Castors: twin-wheeled swivel castors with load-dependent breaking allow optimal rolling drag. Hard castors for soft floors, soft castors for hard floors.

GEORGE. Design: EOOS.

The cantilever is a classic in the world of relaxed sitting. George brings special comfort to sitting at table. Particular attention was paid to the leather-covered armrests. The masterly detail of the parallel stitching of the hand-sewn seam is eye-catching. A sign of true craftsmanship. A selection of stackable variants with high or low backs is available. The chair with a fine upholstered pad is especially comfortable.

Product description

Design awards

Modell no.

1560/1570

Frame

Steel, highly polished chrome-plated or black chrome (for surcharge).
Flexible back.

Upholstery

1560/1562/1570/1572:

seat and back foam-moulded with an outer layer of wadding. Seat with micro-compartment spring core.
