Plenty Pod

PLENTY POD

Quiet rooms in different sizes for the activity based office. Dampens the sound by 36 dB according to ISO 16283! The product is available as mobile or fixed module. Mobile module is moved easily with a hand truck. *Small* refers to telephone box, *Medium* refers to workplace and *Large* refers to meeting rooms. Ventilation and led lamps with motion detector is standard for all models. Connects to standard wall outlet.

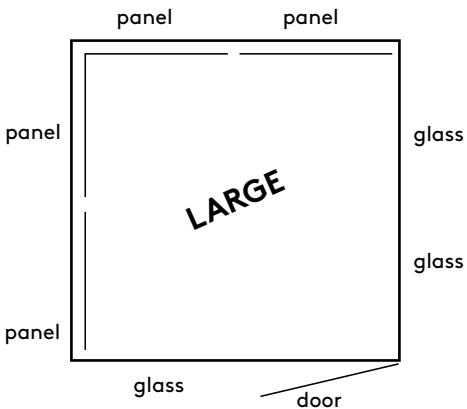

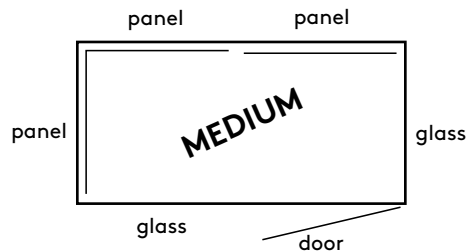

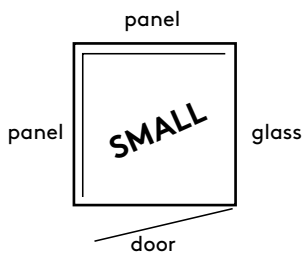

Frame: silver or white anodised aluminum. Also available in any RAL color.

Sound-absorbing, interior walls and ceilings covered with Camira Blazer in 6 different standard colours. Other fabrics on request.

Exterior walls: Hard sheet panel (white sheet for white frame, grey sheet for grey frame) as standard. Upholstered panel in Blazer or Blazer Quilt is optional.

Glass walls and doors in sound-isolated glass. The number of glass walls can be easily changed on request.

Interior walls, Camira Blazer standard colours:
